Validate & verify your drivers.

with DAVIS Licence Check

The DAVIS Licence Check solution enables organisations to actively manage driving licence eligibility ensuring driver risk is reduced and compliancy assured. An essential process for organisations with employees that drive on work related business.

DAVIS Licence Check

- Is a safe, secure and reliable cloud solution which records, stores and verifies driving licence information
- Checks the driver has the correct category entitlement and eligibility to drive
- Checks the licence for current endorsements, penalty points and convictions
- Identifies and monitors 'high risk' drivers
- Comes with a dedicated customer support helpdesk included without additional cost
- Service uses data supplied by the DVLA
- Integration into in-house software applications if desired

How will it improve efficiency?

- Automatic scheduling of driving licence rechecks without the need for human intervention
- Provides results in seconds
- Manages the full driver consent process, with e-consent option, which is valid for 3 years
- Triggers comprehensive notifications and immediate warnings
- Reduces paperwork and administration for both office based employees and drivers
